Dear Mr Weisberg.

I would like to get Withewash II and IV.
How much money do I send you?

Also. would you please answer these following questions?
I thank you in advance for your reply.

1) Did the HSCA examined the NAA tests made for the Warren Commission. I know they have conducted their own tests. ~~Probably they did that so they'd~~

2) Who said that Mayor Cabell had the motorcade changed so it pass on Elm St. rather than continuing on Main St?

3) If any interest for you. I have discovered that Jess Curry made a plan for a secret transfert of Oswald at night. Policeman Stavis Ellis (lead motorcycle in the motorcade) told me about it. Curry had Ellis with him and told him to come with patrolman James Chenay at night so they could transfert secretly Oswald. However, Mayor Cabell and City Manager Elgin Crull came and told Curry to "forget about the plan"! Cabell ordered Curry to wait for the cameras and newsmen in the basement of City Hall.

Curry had no choice.
It is possible that Cabell knew that Ruby would come to kill Oswald. So that is why he may have wished to avoid a secret transfert.

Ellis told me that 2 years ago. If you wish, I have made a tape recordings of the best interviews I have had with cops and Deputy Sherrifs by ~~the~~ phone. I can send you a copy of it.

Good luck sir!
